CALL FOR ABSTRACTS

Southern One Health Symposium

“One Health: Promoting Sustainable Communities”

We are soliciting abstracts for poster and oral/podium presentations. More specifically, we seek scientific and/or informative abstracts that reflect the focus of the symposium. The theme for this event is, “One Health: Promoting Sustainable Communities. The upcoming symposium will focus on replicable interprofessional collaborative models and approaches from the clinical, research, and community arenas that integrate all levels of the One Health concept of health care for humans, animals and the environment. .” We welcome presentations from all disciplines that address global health or improving the conditions necessary for health. We encourage presentations from the entire campus including the arts, agriculture, business, education, engineering, humanities, health and social sciences. Selected abstracts will be presented during poster sessions or oral/podium presentations during Concurrent Sessions.

ABSTRACT SUBMISSION GUIDELINES OVERVIEW
